Just a quick note to let you know we've been doing some good fishing in Good Hope Bay. This is just one of many nice Smallmouth we've landed. Some decent Largemouth as well. We generally fish with Yamamoto shad shaped worms or single curly tail on a colored jig head. Many were caught on Natural Shad color on this four-day trip. FYI we generally do not look for, nor fish for Stripers... just the green fish. Cousin Bob and I hope to get down one more time this fall. Just thought I'd share.
